About our Programs (Adventurebug S.L.)

ALL INCLUSIVENESS

We look after every aspect of your group's tour. We set out to make your life easy as we handle all bookings, logistics, route planning, meals, lodgings, activities, etc. Our experience as teachers and Adventure Leaders has taught us to provide a package that INCLUDES EVERYTHING. In the course of delivering your program we will come to the school and meet the children, staff and parents in orientation sessions. You will also get information from us with the itinerary, what to bring, what to expect and how to prepare yourself and the children for the experience.

GUIDES AND MONITORS

Adventurebug's team will personally manage all trips. Their role is to oversee the logistics of the trip; the flow of activities and to ensure everything is in place. They will also coordinate evening programs and ensure the children have a balanced ratio between activity / rest / social time. Where required, Adventurebug hires local (licensed), Spanish guiding firms to assist with the delivery of their specialized activities.

TEACHING STAFF VOLUNTEERS

Adventurebug is highly indebted to the teacher volunteers on our trips. Teachers play a crucial role in the pastoral / disciplinary care of the children as well as being the drive behind time keeping and ensuring children are prepared for activities. Provisions are made for teachers to participate equally amongst the children and we encourage you to get stuck into everything as this leaves a positive impression on your pupils!

ACCOMMODATION & MEALS

All lodgings (Bungalows of Camping Paloma), are licensed, insured and meet Government safety standards and fire regulations. They are purpose built with en-suite bathrooms and bungalows are gender separated. There is 24-hour security in the facility, which is also gated and Adventurebug and the teachers see that safety and security needs are met. The children are never left alone nor left to stay in bungalows alone or far from the supervisor's rooms. The swimming pool is used ONLY under our supervision and after hours it is locked. Meals are nourishing and prepared for the activities in mind. Our facility has open air spaces, games areas and sport facilities on site.

TRANSPORT

We organize all your transport logistics with licensed and insured bus transport companies that comply with Government standards of safety and professionalism. Teachers will not be expected to drive or take personal transport on any of the trips unless convenient for them to do so. All buses have mandatory seat belts to meet our own school excursion policy.

SAFETY EMERGENCY PROCEDURES

The information below is to assist teacher leaders and monitors with managing risk and potential hazards on our trips. It also offers practical advice in the event of emergencies and provides a resource base of contact numbers to rescue personal. In the event of any emergency it's important to stay calm, get all the facts and be sure that you and the other children are safe and accounted for.

Recommendations for Safe Practice on School Adventure Trips:

1. Ensure a **FIRST AID** kit is carried on all days (Adventurebug will always have one)
2. Teachers and Activity Monitors set safety boundaries for children and give warning to any possible hazards including weather patterns, terrain, wildlife, road hazards, public areas and any items of nature that could be a danger.
3. Communication system in place between groups and their supervising leaders and teachers – exchange mobile phone numbers and have a central meeting point each day that everybody is familiar with.
4. Always watch out for one's personal safety in areas of outdoor pursuits and double check on fellow peers when doing activities.
5. Keep within boundaries and respect monitor's judgement and authority.
6. Ensure that an escape route / plan is in place and / or provisions for repatriating an injured or sick from an activity site.
7. Respect all safety equipment and installations.

In the event of any accident or serious illness scenario:

If working with the Adventurebug monitors on activities – tell them what has happened and they will launch their own emergency procedures. If not: Provide any necessary First Aid to casualty & call in further Emergency Services if necessary. Our first line of assistance is:

Medical services – call Euro emergency number 112

Rescue services – call Guardia Civil 062

Based on severity of incident, decide how to best carry on activity session with group.

2. Get as much information regarding location person last was seen.
3. Contact supervising monitor to advise.
4. Follow instructions of supervisor.
5. Keep rest of group in one place under adult supervision.
6. Should person not be found within 20 min / and depending on environment / call emergency services (Guardia Civil) for support.
