COSTA DE LUZ MULTI ACTIVITY

Adventurebug is pleased offer our popular Cadiz Adventure Program. This trip will encourage children to try new experiences that bring out the best in them. All activities are designed for equal participation and no previous experience is necessary. We focus on social interaction, cultural understanding & emotional awareness in an environment away from home and school. Our activities encourage Teamwork and enhance communication, inter-dependence and to instill confidence and task solving at a much higher level than normal.

All activities are led by professionally trained monitors who lead student travel programs and outdoor pursuits. Adventurebug S.L. is a licensed and insured Spanish adventure company & Travel Agency. We hold all required insurance policies and employ a safety protocol, emergency escape plan and Risk Assessment study for all our trips. Adventurebug has been active for over 20 years operating adventure trips for both local and International schools as well as a host of international charities, corporate entities and travel companies worldwide.

ITINERARY - DAY 1

Depart School by private bus to El Palmar Beach in Cadiz Provence

Our bus service includes seat belts for all passengers and school service placard. Please bring pack lunches and wear clothes and outdoor shoes ready to be active in! Snack and restroom break provided on route.

Surf Camp El Palmar

Full day of surf-based activities with our professional instructors based at El Palmar, Southern Spain's surf capital! Students will benefit from close personal instruction in ideal waves for learning this popular sport. Wetsuits and surfboards provided per participant. When not surfing, Adventurebug will lead fun beach games and activities.

Arrival to Chipiona, Cadiz

Our hostel is located on the front line of this beautiful seaside town in Cadiz! Students will have time to be acquainted with the rules and norms of sharing their rooms. We'll look at safety aspects, boundaries, social behaviour at this time. Following this we have organized activities with the Adventurebug monitors that include:

Relaxation time or supervised sport and games on the beach / practicing for the Talent Show / Buffet dinner in the hostel restaurant and an evening beach walk under the stars to finish the day

ITINERARY - DAY 2

Wake up / Breakfast in the hostel restaurant. Tidy rooms and assemble for morning activities.

Bolonia Roman Ruins & Dunes Visit

This morning we'll visit this incredible historic site on the beach of Bolonia. Our one-hour tour brings us around ancient ruins such as the Amphitheatre, Forum, Baths & Temples. Time permitting, we'll also visit the famous dunes of Bolonia where some surprise challenge games will be carried out!

Entre Ramos Tree Top Adventure Park

After our Bolonia visit we'll take on the high bridge challenges of Entre Ramos Park. Suspended bridges and platforms with incredible challenges put us to the test as we try complete one circuit to the next! Expect about 2-3 hours of tree top fun here before returning to Chipiona and our hostel.

Evening Pizza Night & Talent Show!

This evening we'll visit a local pizzeria a few minutes' walk from the hostel. Afterwards, we encourage the children to join our 'open air' creative stage in this non-competitive, free flowing talent show. Normally lasting one or two hours, the Talent Show brings together the pupils, teachers and Adventurebug leaders in a fun-filled evening of talent and hidden skills brought to life! All acts are voluntary and we encourage children to put together their acts before the trip begins.

About our Programs (Adventurebug S.L.)

ALL INCLUSIVENESS

We look after every aspect of your group's tour. We set out to make your life easy as we handle all bookings, logistics, route planning, meals, lodgings, activities, etc. Our experience as teachers and Adventure Leaders has taught us to provide a package that INCLUDES EVERYTHING. In the course of delivering your program we will come to the school and meet the children, staff and parents in orientation sessions. You will also get information from us with the itinerary, what to bring, what to expect and how to prepare yourself and the children for the experience.

GUIDES AND MONITORS

Adventurebug's team will personally manage all trips. Their role is to oversee the logistics of the trip; the flow of activities and to ensure everything is in place. They will also coordinate evening programs and ensure the children have a balanced ratio between activity / rest / social time. Where required, Adventurebug hires local (licensed), Spanish guiding firms to assist with the delivery of their specialized activities.

TEACHING STAFF VOLUNTEERS

Adventurebug is highly indebted to the teacher volunteers on our trips. Teachers play a crucial role in the pastoral / disciplinary care of the children as well as being the drive behind time keeping and ensuring children are prepared for activities. Provisions are made for teachers to participate equally amongst the children and we encourage you to get stuck into everything as this leaves a positive impression on your pupils!

ACCOMMODATION & MEALS

All lodgings (Bungalows of Camping Paloma), are licensed, insured and meet Government safety standards and fire regulations. They are purpose built with en-suite bathrooms and bungalows are gender separated. There is 24-hour security in the facility, which is also gated and Adventurebug and the teachers see that safety and security needs are met. The children are never left alone nor left to stay in bungalows alone or far from the supervisor's rooms. The swimming pool is used ONLY under our supervision and after hours it is locked. Meals are nourishing and prepared for the activities in mind. Our facility has open air spaces, games areas and sport facilities on site.

TRANSPORT

We organize all your transport logistics with licensed and insured bus transport companies that comply with Government standards of safety and professionalism. Teachers will not be expected to drive or take personal transport on any of the trips unless convenient for them to do so. All buses have mandatory seat belts to meet our own school excursion policy.

SAFETY & INSURANCE

Adventurebug S.L. is a licensed and insured Spanish adventure company. Our registered License is AT/MA/00022 and our Limited Company number is B93050763. We hold the two required insurance policies that cover every child / teacher for all activities we offer. We also employ a safety protocol, emergency escape plan and Risk Assessment Study for every excursion we offer. Due to the nature of this form of travel, mishaps and accidents can possibly happen. We believe that our steps to manage these risks are vital and we endeavour to do our very best should an incident arise.

Adventurebug holds all obligatory insurance policies for school programs. These policies include: (Accident Assistance) and (Civil Responsibility).

SAFETY EMERGENCY PROCEDURES

The information below is to assist teacher leaders and monitors with managing risk and potential hazards on our trips. It also offers practical advice in the event of emergencies and provides a resource base of contact numbers to rescue personal. In the event of any emergency it's important to stay calm, get all the facts and be sure that you and the other children are safe and accounted for.

Recommendations for Safe Practice on School Adventure Trips:

1. Ensure a **FIRST AID** kit is carried on all days (Adventurebug will always have one)
2. Teachers and Activity Monitors set safety boundaries for children and give warning to any possible hazards including weather patterns, terrain, wildlife, road hazards, public areas and any items of nature that could be a danger.
3. Communication system in place between groups and their supervising leaders and teachers – exchange mobile phone numbers and have a central meeting point each day that everybody is familiar with.
4. Always watch out for one's personal safety in areas of outdoor pursuits and double check on fellow peers when doing activities.
5. Keep within boundaries and respect monitor's judgement and authority.
6. Ensure that an escape route / plan is in place and / or provisions for repatriating an injured or sick from an activity site.
7. Respect all safety equipment and installations.

In the event of any accident or serious illness scenario:

If working with the Adventurebug monitors on activities – tell them what has happened and they will launch their own emergency procedures. If not: Provide any necessary First Aid to casualty & call in further Emergency Services if necessary. Our first line of assistance is:

Medical services – call Euro emergency number 112

Rescue services – call Guardia Civil 062

Criminal scenario – call Guardia Civil 062

Adventurebug (Matt Butler) 635 817 819 (Julie Butler 692 451 362) (Office) 952 894 308

Ensure the rest of group is together and not in any danger. If hospital services required, 1 staff member and then appropriate a parent or guardian, accompany patient to hospital. **INSURANCE AND REGISTRATION FOR A PATIENT.** Adventurebug has an internal medical emergency policy to speedily register with the Spanish National Health Service. Our insurance policy (and because they are minor in age), ensures they get prompt treatment from emergency services care. **PLEASE HAVE A DOCUMENT WITH THE STUDENTS NAME, ADDRESS AND FAMILY DETAILS available!** Ensure a Spanish speaker is present (*teacher or designated adult preferred*). Based on severity of incident, decide how to best carry on activity session with group.

In the event of a lost person:

1. Ensure all other members of group are accounted for first.
2. Get as much information regarding location person last was seen.
3. Contact supervising monitor to advise.
4. Follow instructions of supervisor.
5. Keep rest of group in one place under adult supervision.
6. Should person not be found within 20 min / and depending on environment / call emergency services (Guardia Civil) for support.

Note – this information is a guideline only and Adventurebug cannot be held responsible for the handlings and procedures – including outcomes of emergency responses as every scenario is unique and requires specialized attention – we will however do our absolute best to provide the highest "Duty of Care" to any person involved in our programs.
