Company 1 Day Team Building Event (BEACH, NATURE or OFFICE BASED)

Adventurebug has designed and led its own brand of Team Incentive workshops for over 20 years. We know the DNA of companies when it comes to stepping out of the office together. Years of delivering tells us what works and what doesn't. We know a good day out is fun, mildly competitive, full of new experiences and has a big social component added in. We also know team members want to feel at ease and free of any dramas and/or pressing work issues. This is important, why else have an incentive day?

The idea of this event is to offer a wide variety of activities to involve ALL team members. Not just sports fans or adventure lovers... Our selection of activities are for all abilities and interest levels. Adventurebug offers a beach based corporate incentive day event that has something attractive for all members of your organization. Centred on the beach atmosphere of the Med or Atlantic, we offer your team a wide range of fun, stimulating and meaningful activities that are sure to put a smile on everyone's face!

Companies on their day out seek different aims and outcomes. Some wish to be very active, others simply want a bit of lighthearted fun, A combination is often a great solution. We offer 2 variations of our BEACH or LAND BASED ACTIVITY days:

Dia Azul - A softies activity event for all levels of your organization. Not at all demanding and engages everyone in games and activities that suit all interests and abilities. This day is rated as easy and relaxed and has no physical demands on participants.

Dia Rojo – An adventurous and more active event for companies seeking a blend of adventure challenges, engaging competitions and problem solving challenges. This day is rated as moderately challenging and by no means physically demanding – only that it offers more diversity.

SAFETY EMERGENCY PROCEDURES

The information below is to assist teacher leaders and monitors with managing risk and potential hazards on our trips. It also offers practical advice in the event of emergencies and provides a resource base of contact numbers to rescue personal. In the event of any emergency it's important to stay calm, get all the facts and be sure that you and the other children are safe and accounted for.

Recommendations for Safe Practice on School Adventure Trips:

1. Ensure a **FIRST AID** kit is carried on all days (Adventurebug will always have one)
2. Teachers and Activity Monitors set safety boundaries for children and give warning to any possible hazards including weather patterns, terrain, wildlife, road hazards, public areas and any items of nature that could be a danger.
3. Communication system in place between groups and their supervising leaders and teachers – exchange mobile phone numbers and have a central meeting point each day that everybody is familiar with.
4. Always watch out for one's personal safety in areas of outdoor pursuits and double check on fellow peers when doing activities.
5. Keep within boundaries and respect monitor's judgement and authority.
6. Ensure that an escape route / plan is in place and / or provisions for repatriating an injured or sick from an activity site.
7. Respect all safety equipment and installations.

In the event of any accident or serious illness scenario:

If working with the Adventurebug monitors on activities – tell them what has happened and they will launch their own emergency procedures. If not: Provide any necessary First Aid to casualty & call in further Emergency Services if necessary. Our first line of assistance is:

Medical services – call Euro emergency number 112

Rescue services – call Guardia Civil 062

Criminal scenario – call Guardia Civil 062
