

RE-DEFINING ADVENTURE TRAVEL – SINCE 2000

LIQUID ALGARVE SURF SAFARI

Adventurebug knows Portugal's best surf locations for beginners & experienced surfers, we've been surfing here for decades! Along with finding the best surf, our week-long safari visits some awesome locations too for other adventures like river floats, SUP boards, coastal hikes and some funky town visits to soak up the local groove. Add yoga, meditation, jamming, happy hours, great food and the chance to meet new people in an awesome environment! More than just a surf camp...

IS THIS FOR ME?

New surfers we provide daily classes with all equipment included. Experienced surfers we take you on safari to at least 6 different beach locations! No experience necessary & a general level of fitness is recommended.

HOW IT WORKS

Our trip begins in Lagos or Faro and if coming from Spain, group transfers are available. We spend 5 nights in 2 locations to make the most of the region. Mornings are surf lessons and afternoons we work on our skills. Evenings we explore other areas, hit the town(s), and/or chill with our surf mates at our awesome hotel base – using the pool and gardens to relax.
