ADVENTUREBUG SKI & BOARD WINTER ADVENTURE WEEK 22 – 24 FEBRUARY 2021

DRAFT EXAMPLE

Join us in February!

Adventure bug's Ski & Snow Adventure RETURNS once again after 20 years! Join us as we return to our mountain base at Sierra Nevada for 3 action packed days of on-snow adventures. **Our 2021 trip meets COVID19 guidelines for safety, ensuring that preventative measures are taken at all times (request our policy).** THIS YEAR, DUE TO THE PANDEMIC, WE HAVE SHORTENED THE LENGTH OF THE TRIP TO REDUCE COST AND RISK OF EXPOSURE.

Adventurebug S.L. has led school Ski Adventures since 2001. This trip is a holiday and a celebration of winter in the mountains. After a full ski or snowboard day, we'll visit the ski resort, go tobogganing, build snow forts, play games and try the fast LUGE track that's now included in your trip package! Limited spaces available...

Our Ski Lodge is purpose-designed for school groups and we have snow right outside the door – great for evening sledging and snow forts! Rooms are 1 or 2 sharing with central heating and private bathroom & showers. Huge buffet meals are taken in the hostel's restaurant and there's a games room, massive TV area, pool tables and a big room for our own private activities and hidden talents!

This is MORE than just a ski trip – it's an Adventurebug Winter Experience at a ski resort with your mates – so get on board, invite your friends and join us for this year's big trip, you'll love it!

OUR COVID19 SAFETY PROTOCOLS

Adventurebug adheres to all current Ministry of Health safety protocols for the prevention of Covid19 infection. We work closely with our Hotel on site, following their own strict protocols. We also follow Sierra Nevada's own in-house policy for safe behaviors on the ski hill (<http://sierranevadaeie.com/es/protocolo-covid>) and during class lesson time.

These protocols are evolving and we are prepared to adapt to all situations – particularly in the event of outbreaks or suspected cases. A detailed protocol outlining our safety management is attached and will be updated regularly.
